DOG AND PONY PRODUCTIONS

Healing comes to the world in many ways. Gail feels that her new book, Angel Witness is one of those vehicles. It is a book of encouragement, a book of hope and a book of beautiful angel photos, prose and poetry. You will find Gail's Mom's inspiration in this book. Through her travels back and forth to Toronto to visit her Mom who was in a long-term care facility (now deceased), her Mom would come out with key words or phrases in periods of dementia. Real gems are hard to forget and they get the juices flowing to write. The pages of this book are an accumulation over a number of years of spiritual writing. You will find a tribute to the late Paul Schleusner in this book as well as a special poem written about Alma College. This soft or hard cover book is a coffee table book and priced at either \$135.00 (soft cover) or \$145.00 (hard cover). I will offer a price of \$125.00 (soft cover) and \$135.00 (hard cover) this week at the market. This is a fantastic gift and one that I'd be proud to sign for you. As well, I'll have an assortment of photo art greeting cards for sale of St. Thomas attractions and Flowercat & Family doodle art.

JANIS AND MARK HARRIS

1 year! Cameron's 1st birthday is on Sunday the 19th! It is amazing how fast a year has gone by! Cameron has been at the market every Saturday except the Saturday he was born. He loves seeing our customers every week.

The summer flowers are planted and growing. Some are starting to flower and we will be bringing them as they are ready. We have over 3000 sunflowers planted. We are looking forward to being the Market's flower farmer.

This Saturday we have to leave the market a little early to travel to Mount Forest for a family wedding. Make sure you get the the Market early before we have to leave.
